Long-Term Care Homes

Making the decision to move to a long-term care home is a life-changing step for you and your family. It's important that you have all the information you need to choose a home that is right for you. There are many things to consider, including the level of care you require, location, availability and cost.

Your Care Coordinator will support you through these decisions and can assist with the application process.

If you can, we recommend that you and your family visit the homes you are interested in before making any final decisions.

Each person who applies for long-term care may choose up to five (5) long-term care homes, in order of preference. These decisions will help determine the amount of time a person waits for long-term care.

For more information, or to determine more accurate wait times for you or your loved one, please consult with your Care Coordinator at **1-888-733-1177**. We're here to help.
