

September 2020 – Champlain LHIN Long-Term Care Home Wait Times, by home

When reviewing this information, please note the following:

- Orange cells = available data is insufficient to represent actual wait times. Blank cells mean that no placements took place during the reporting period.
- Each person may choose up to five homes, and up to three bed-types in each home. So in the data below, the same person may be represented on multiple homes' waitlists.
- The number of days waited is the experience of 9 out of 10 people (90th percentile). People may wait more or less, depending on their circumstances and the number of available beds.
- Numbers, below, fluctuate based on a variety of factors. Care coordinators can provide people with information on options that may best meet individual needs.
- Each person who applies for long-term care is assigned a priority category. Each person's priority category also affects wait times.

Long-Term Care Homes	Average # of beds available per month	Basic		Semi-Private		Private		Total # of clients waiting
