

## Profiling Exceptional Caregivers - Meet Dora

Perseverance is part of lifelong love. Dora Scornaienchi of Hamilton is a shining example of the power of perseverance and unconditional love.

Dora was honoured recently during HNHB CCAC's annual caregiver recognition program – *Heroes in the Home*.

Dora has been caring for her husband, Luciano.

Married 58 years, the couple still lives in their home on Hamilton's west mountain. To promote healthy eating, Dora tends to her giant vegetable garden and, even though she spends much time caring for Luciano, she managed to find time to babysit her grandchildren. During the summer months, the grandchildren took pleasure in helping Dora in the garden.
