Palliative Pain and Symptom Management Consultation Services Request / Referral for Consultation

Palliative Pain and Symptom Management Consultants (PPSMCs) provide support to service providers in home care agencies, long term care homes, community support services, and primary care.

They provide consultation, education, mentoring and linkages to palliative care resources across the continuum of care to help build capacity amongst front line care providers in the delivery of palliative care.

Type of Consultation: Co-visit at Bedside Phone Email

Requested by: _____ Date: _____

Name(s) of Staff to be Present for Consultation: _____

Telephone or other contact information: _____
