Long-Term Care Homes Waiting List Information

Choosing a long-term care home (LTC, also known as a nursing home) is a major decision for you and your family. It's important to have all the information you need to choose the home that is right for you.

Your LHIN care coordinator can help you think through your decision. It's a good idea to visit the homes you're interested in. If you can't, the LHIN has [videos of each home in the South West](#). We also have general [videos about choosing and moving to a long-term care home](#). If you don't have Internet access, your care coordinator will provide you and your family with the videos on a CD.

When you apply for long-term care, you can choose up to five homes, in order of preference. How long you wait depends on the size of the waiting list in each home and the urgency of your need. The more urgent your need, the more choices you will be asked to make.

This document enables you to see the size of the waiting list in each long-term care home.

If you move to a home that is not your first choice, you may stay on the waiting list for your first choice.

As you make your decision, here's some information to keep in mind.

78 Number of long-term care homes in the South West.

7447 Number of long-term care home spaces in the South West.

2273 Total number of people waiting to get into a long-term care home in the South West.
