

LETTER OF UNDERSTANDING REHABILITATION LEVEL OF CARE – COMMUNITY

Your health care team has recommended that your needs may be met within the services offered in a Rehabilitation program. The Rehabilitation programs are regional programs, offered at multiple sites within the Waterloo Wellington LHIN:

- General Rehabilitation
- Stroke Rehabilitation
- Low Intensity Rehabilitation

Site	General Rehab	Stroke Rehab	Low Intensity Rehab
Cambridge Memorial Hospital in Cambridge	✓	✓	
Grand River Hospital - Freeport Health Centre in Kitchener	✓	✓	✓
St. Joseph's Health Centre in Guelph	✓	✓	✓

Referrals are coordinated by the Waterloo Wellington Local Health Integration Network (WWLHIN). The WWLHIN will add your name to the waiting list. Your initials and gender will be accessible to WWLHIN's other hospital partners. The care coordinator will share your medical and personal information with the Rehabilitation program.

You will be notified by WWLHIN when a bed becomes available for you. The bed may be located at any one of the locations listed above. The LHIN care coordinator can assist you to arrange transportation to the site where your bed is located.

I have reviewed and understand the above information. I agree to proceed with the Rehabilitation referral process. I understand that my personal and health information will be shared with the WWLHIN and the Rehabilitation sites within the region.
